

Brand New

The Nazarenes
Written By Ste Parkes

Verse 1:

I'm tethered to this body
I wanna soar through skies
Like i the song, why live two lives?
I wanna be with you
Send my whole life through
Wanna feel brand new

Chorus:

When I feel you moving
When I know you're here
I lift my hands in praise

Verse 2:

Through the lightning flashes
And Though the thunder warns
You calm those storms
Angels will be singing
All the world will see
You died for me
