

# Chosen

The Nazarenes  
Written By Ste Parkes

## Verse 1:

I think of what to say and I think of what you've done  
I can't believe that for us you would send your son  
I think of what to pray for I think of what I need  
Sometimes we use prayer as another word for greed

## Chorus:

Once again you forgive me for everything I've done  
I was walking in the darkness but now I see  
You deserve the best but that isn't me  
It didn't seem to matter... You've chosen me

## Verse 2:

Now looking back on problems and looking back on things  
you spilt you're blood for me to take away my sins  
Now looking to the future forget about the past  
'Cause now I've found amazing love and it will always last
