

The Walk

The Nazarenes

Lyrics By Jon Timbrell / Music By Ste Parkes

Verse 1:

One foot in front of the other
The path seems so familiar
Maybe it's 'cause I've trod these roads so often before
It doesn't matter which way I turn
I all becomes the same place
The same people pass me by saying hello

Chorus:

I've walked this way for so long now
(With salvation on my tongue)
I've walked this path for so long
(From these footsteps I've found this song)

Mid:

I've mastered the walking, I almost had to run
Maybe just from boredom, maybe just for fun

Verse 2:

The path is so narrow it's easy to fall
But I can see the lost now and hear them call
But I'll keep on walking I'm gonna carry on
until I've found my purpose until my job is done
